

MISSION FROM SOUTH FLORIDA SEPTEMBER 2005

A new babe in Christ: Sonia Marin

Sonia, a lady from Colombia, came to our building after she received a personal invitation from Juan Carlos Cucchi (one of the leaders from WB Spanish group). Juan said that she was really looking for God. After meeting with us for several Sundays she was baptized this month and expressed her willingness to bring her entire family to Christ. God bless Sonia and her family.

A couple has to go: The Figueroas

This couple served this congregation for over a year. According to Wilfredo Figueroa, Lucy was experiencing some medical problems. He told the West Broward Spanish group that he was leaving us to spend more time with her and take care of her problems. We prayed for both asking God for her soon recuperation. Of course we will be missing them. Wilfredo participated in one of our ministries here. God bless them.

A couple has just arrived: The Oviedos

The Oviedos just graduated from Quito School of Biblical Studies. The elders of West Broward met with them and expressed their desire to give some support to them. They are a very young couple with a great desire to serve the Lord and apply what they learned in Quito. Jorge is from Ecuador and Candice is from Arizona, USA. Thanks to God for sending workers to his vineyard.

Candice and Jorge Oviedo

Flagler Church of Christ Seminar:

I was asked to teach a leadership seminar to Flagler church of Christ. I taught the first part on August and the second part this month. This time we discussed more specifically a series of lessons that may help them to develop leaders beginning in January 2006. I will be presenting to them a training program (CTP) for next year pretty soon.

Cuba Extension School

This is my last month teaching the life of Jesus by extension (e-mail) to 5 students in Cuba. As I said before these 5 students belong to our AIBI training program for Cuba and the future Cuban Bible School. They are really committed to our program. Next term they will be studying the book of Hebrews.

AIBI Residence Program:

As well as in Cuba I am teaching the life of Jesus to 5 students in Hialeah church of Christ building. As we continue praying for more students, I will change my class from week night time to Saturday next school term. I will let you know how it goes next month.

AIBI New Video Recording Studio:

We have made a big step by acquiring new digital video recording equipment. It seems to be a more solid extension school will be our future way to operate and have a greater number of students. Juan Carlos Vargas, who is a system engineer, is really helping us to put this new equipment in operation for us. In my opinion an extension school is the future of our Bible education.

Family Matters:

Lesley, my oldest daughter, is doing great in Harding University. She is getting adjusted well to her new life there. We really miss her a lot and sometimes I fell strange when I go out with only two girls instead of three. Please, don't forget her in your prayers.

Blessings and remember the Lord is coming soon.
