

Report of the work in  
Toluca, Mexico by Roberto  
and Bety Zepeda

## ILEB's Graduation

We celebrated the 7<sup>th</sup> Graduation of the Latin American Bible Institute on June 23<sup>rd</sup>. The ILEB is a branch of the Sunset Bible International Institute.

For this ceremony our brother Rudy Wray, who is the Dean for Latin American Branches of the Sunset Institute, preached to encourage our students. His words, as always, were full of enthusiasm and they served like a sparkle that begun a fire inside of our students.

A total of 16 brothers Graduated from three different congregations where we can find branch schools of ILEB.

From Cd. Victoria, Tamaulipas: Gloria Turrubiates, José Martín Hernández Alfaro, Loyda Abihail Ávila Williams y Manlio Tulio Guerrero Garza.

From San Miguel: Erika Aguilar Pérez, Uriel Doroteo Reyes Araiza, José Rene Ramírez González, Patricia Villanueva Granados y Cleo Ramírez Pichard o.

From Toluca, Edo. Mexico: Elsa Araceli Avila Palomino, who had the highest scores on this generation, Roberto Rubio Arana, Aurelio Valdés Morales, Sergio González Navarrete, Eric Gómez

Alonso and from our program called FEBE (Faithful Ambassadors Biblically Equip), Ma Esperanza Granados Centeno y Ma Lidia Huerta Rodríguez.

On our church building here in Toluca, besides the Bible Institute we have the main office for the ILEB and it's here where we make the material needed for the students. We mail this material to all the branch schools we have in Mexico and Central America. About 13 different classes are taught on one level, having a total of 42 classes taught on the 3 years, which covers the entire program. Now days we count with 14 different branch schools in our country and one in David, Panama.

The Graduation was a marvelous ceremony; we were honored with the presence of our brother Luis Felipe Martínez de la Vega, lead teacher of the branch school

at Victoria. Our brother Martínez gave a few words of encouragement to our graduates, the brother encourage the students to keep on doing God's work and to never cease to put in practice all that they've learned during the past 3 years.

Our Student Roberto Rubio Arana said a

few words giving thanks to God and to all of those that trusted him and supported him to be able to make this dream come true, to finish up the Institute and be

# The church at David opened their doors to welcome the ILEB, now we have a branch school in Panama

At the beginning of May I had the opportunity to travel to David, Panama to start a new branch school of the ILEB. With me came Raul Solis, teacher of the ILEB, and two of the AIM (Adventures In Missions) students we have this year; Devon and Quaid, who are working hard with the Church here in Toluca. We all went to Panama to be able to make the necessary arrangements to start this new branch school.

This is the second time that we visit Panama, on our previous visit we were able to talk to our brothers Fernando Ponce and Jaime, who

are leaders of the local congregation, about the Institute, but this was just a simple conversation. A few months latter this conversation became a reality, the establishment of the first

branch school of ILEB outside of our country.

We were at David from May the 2<sup>nd</sup> to the 6<sup>th</sup>. We spend most of our time with those interested to be students of the Bible Institute. This congregation has more than 30 students that have begun their preparation at David. The first class is called Biblical

Overview which is divided in 6 different courses that last about 7 weeks each, this classes was written by our dear brother Dan Coker

## Graduation...

prepared to keep on working for the Lord along with his family. I

want to mention that when Roberto Rubio and his family moved to Toluca, he was the only one that believed in Christ and the only one interested in learning more about his word. Him and his family moved here without knowing or even realizing what was Gods plan for them. His wife and kids move to Toluca with him right after he came back from USA, where he learned about God and got baptized. They all moved without knowing what exactly will

happen to their future, but God had a plan, and we were able to see it when Esperanza, Roberto's wife, Jazmin, Fabiola and Roberto, his kids, got baptized after only being here for a few months. God wanted them all to serve him. Now the Rubio's are waiting for God to show them where He wants them to serve Him.

Each of the ILEB graduating classes has a name, which is given as a demonstration of respect and honor to one of our brothers in Christ who dedicated his life on full service of God. This year the Graduating class received the name of "Josue Avila de Alba".
