# \$41,000 COLLECTION FOR MEXICALI SCHOOL

The Woodward Park congregation in Fresno, California is an amazing church! It is a vibrant and growing congregation with a long history of successful mission work. Perhaps one of the most productive mission fields in recent history is the work in Ethiopia, Hundreds of thousands have been won to the Lord, hundreds have been trained as preachers and teachers of the Word and hundreds of churches established as a result of the diligent work of this mission-minded church. But Ethiopia has not been the only mission field blessed by Woodward Park. They are now doing some exciting things in Sudan, and for over forty-years, have been involved in mission work in Mexicali, Mexico.

It is the Woodward Park congregation that has recently been working with *Sunset International Bible Institute* to establish a ministry training center in Mexicali. At Sunset's annual

World Evangelism Forum an agreement was signed between Sunset and the Woodward Park elders which, the Lord willing, will bring ministry training to Mexicali in late August of this year.

Two avenues of instruction will be used which will include resident students and interactive video conferencing. In order to house the resident students, a dormitory is planned, to be constructed as a 2nd floor to the classroom building of the Mexicali congregation. At the signing of the agreement the Woodward Park elders asked me to come and speak to the congregation on the 2nd of March as a

prelude to a special collection to be taken up on the 9th. It was a real joy to get to preach and fellowship with the precious souls who serve there. Then, the frosting on the cake, the collection taken on the 9th of March turned out to be \$41,000.00!

## CONTRIBUTION *Continued from Page 1*

In addition to the vital training for ministry that a resident school in Mexicali will provide, there is also the unlimited outreach of interactive video conference training that this school can provide as the base school for the West Coast. From Mexicali we will be able to establish remote classrooms in Baja California, California, Nevada, Oregon, Idaho, and Washington. Because of the fact that I already have a camera in my office, I will be able to maintain constant contact with the school and even teach some courses.

The Woodward Park congregation has been a great partner in ministry with Sunset International Bible Institute for many years. They have established a model for missions and ministry training in Ethiopia, and now, the potential of continued fellowship with them through this new school in Mexicali presents more new and exciting possibilities. It is our hope and prayer that God will bless this partnership to produce the same kind of results in Mexico and the entire West Coast of America as it has produced in Ethiopia.
